Your chart at a glance

TYPE	Manifesting Generator. You have a Generator's consistent Sacral energy with a Manifestor's directness attached to it. That combination tends to move in several directions at once and to skip steps other people take in order.
STRATEGY	Wait to respond, then inform. The response comes first, as with any Generator. The informing is the Manifestor half: telling people before you move, because your movement lands on them whether or not they were expecting it.
AUTHORITY	Emotional. Your Solar Plexus is defined, which means you move through an emotional wave rather than sitting at one level. There is no truthful moment in that wave — clarity comes from having been through it, which takes whatever time it takes.
PROFILE	3/5 — Martyr / Heretic. The third line finds out by trying. What looks like a series of mistakes from outside is the method working — it is discovering what does not hold, which is not the same as failing. The fifth line gets projected onto. People see a solution in it, sometimes accurately and sometimes not, and its reputation runs slightly ahead of it in either direction.
WHEN IT'S ON TRACK	The feeling is satisfaction. The day's energy went somewhere it belonged. It is a bodily settling rather than a thought about how things went.
WHEN IT'S OFF TRACK	The feeling is frustration. Energy went into something it was not met by. It shows up when action started before there was anything to respond to.
