How to understand your bodygraph chart → thechampagnemethod.co/library/bodygraph

TYPE	Manifesting Generator. You have a Generator's consistent Sacral energy with a Manifestor's directness attached to it. That combination tends to move in several directions at once and to skip steps other people take in order.
STRATEGY	Wait to respond, then inform. The response comes first, as with any Generator. The informing is the Manifestor half: telling people before you move, because your movement lands on them whether or not they were expecting it.
AUTHORITY	Sacral. Your Sacral responds in the moment and it responds in the body, before language arrives. It is a yes or a no that shows up as energy rising or going flat, rather than as a conclusion you reasoned your way to.
PROFILE	1/3 — Investigator / Martyr. The first line investigates. It wants the ground under a thing before it will stand on it, and it is uncomfortable being asked to act before it has looked. The third line finds out by trying. What looks like a series of mistakes from outside is the method working — it is discovering what does not hold, which is not the same as failing.
SIGNATURE	Satisfaction. The sense that the day's energy went somewhere it belonged. It is a bodily settling rather than a thought about how things went.
NOT-SELF	Frustration. The signal that energy went into something it was not met by. It shows up when action started before there was anything to respond to.
